

# Damage Investigation

Damage to fleet vehicles is seen as a growing problem. Not only is repair costly, but vehicles at standstill drain your resources. Our system continuously registers the external condition of vehicles, helping you to save time and money.

## Benefits:

- Pinpoint where in time and place damage occurred
- Spot trends for when and where damage is happening to your vehicles
- Get clear and consistent evidence of vehicle condition to back up any claims
- Reduce damage and expedite investigations

## Features

Every time your vehicles enter or leave your depot they are now being checked for damage
